## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: Applicant's arguments, see pages 10 - 12, filed September 8, 2009, with respect to independent claims 1, 8, 9, 10, 14, and 23 have been fully considered and are persuasive. The independent claims are allowable over the prior art since the cited references taken individually or in combination fail to disclose in particular an audio playback apparatus comprising playback unit specification means for specifying a shuffle unit as any one of a folder, an album, and a music file, for use in selecting music file groups; means for displaying a shuffle ranges according to the specified shuffle unit; means for receiving a selection of one of the shuffle ranges; means for randomly selecting a next music file group from within the shuffle range as recited by independent claim 1. As stated by Applicant, "Hartley discloses a music player allowing a user to define a category for songs. Hartley, ¶ [0031]. "The player would then perform a shuffle on only those files having a value for a particular user-defined parameter, allowing the user to eliminate files that do not fit a particular category." Hartley, ¶ [0031] and see page 11 lines 1 – 9 of Applicant's Remarks. Therefore the closest prior art of record, Hartley (US 20020103796), and likewise the other references on record do not disclose the above patentably distinct limitations of the independent claims and it would not have been obvious to one of ordinary skill in the art at the time of the invention to modify the prior art to include all the limitations of independent claims 1, 8, 9, 10, 14, and 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
